

Curriculum vision

"With God all things are possible"
Matthew 19:26

Our curriculum is designed to **create moments of awe** and **wonder** to **inspire curiosity** and foster a **love of learning**. We are committed to providing a **rich, inclusive, and engaging** experience that equips every child with the **knowledge, skills, and values** needed for their **next stage of learning**. We shape **confident, compassionate** individuals who are ready to contribute **positively** to their communities and beyond.

Our curriculum :

- Is **knowledge rich** and **coherent** through careful sequencing and an **evidence based** pedagogical approach
- Is **ambitious** and ensures that all pupils, regardless of background can **achieve success**
- Provides **memorable experiences** to support children in **making sense of the world** and **build connections** to develop a **deep and meaningful foundation of knowledge**

We achieve this by:

- Prioritising **core skills** and ensuring that **reading** remains at the **heart of the curriculum** with a strong focus on developing a true **love of reading** across the curriculum.
- Ensuring **broad** and **balanced** content that is in alignment with the **national curriculum** whilst fostering well-rounded **cross curricular** experiences in **language rich** and **memorable** ways.
- Ensuring a **culture of excellence** through investing in **high quality CPD** and **resources** for all staff to ensure that teachers have the **skills** and **confidence** to deliver the curriculum **effectively**.
- Regular **quality assurance** and **feedback** through book looks/pupil voice/learning walks and our carefully planned **monitoring for excellence** program.
- Use of **formative** and **summative** assessments to monitor **progress**, inform **QFT**, and provide targeted **support** for continuous development.
- A **relentless** focus on **closing the gap** for any children vulnerable to falling behind and providing **inspirational experiences** (visits/visitors/practical learning/showcase events).
